*Where people work, better*

# Workinton

*Workinton, a shared office platform, is the product of the growing shared economy based on a robust entrepreneurship and thriving start ecosystems.*

*Workinton provides an ideal working space that goes beyond providing and renting desk and office facilities. It is a large-scale networking organization that caters to the needs of entrepreneurs worldwide, as Workinton owns and manages an incubation center which attracts all types of entrepreneurs, business startups, investment networks and finance groups looking to serve the small and medium enterprise (SME) markets.*

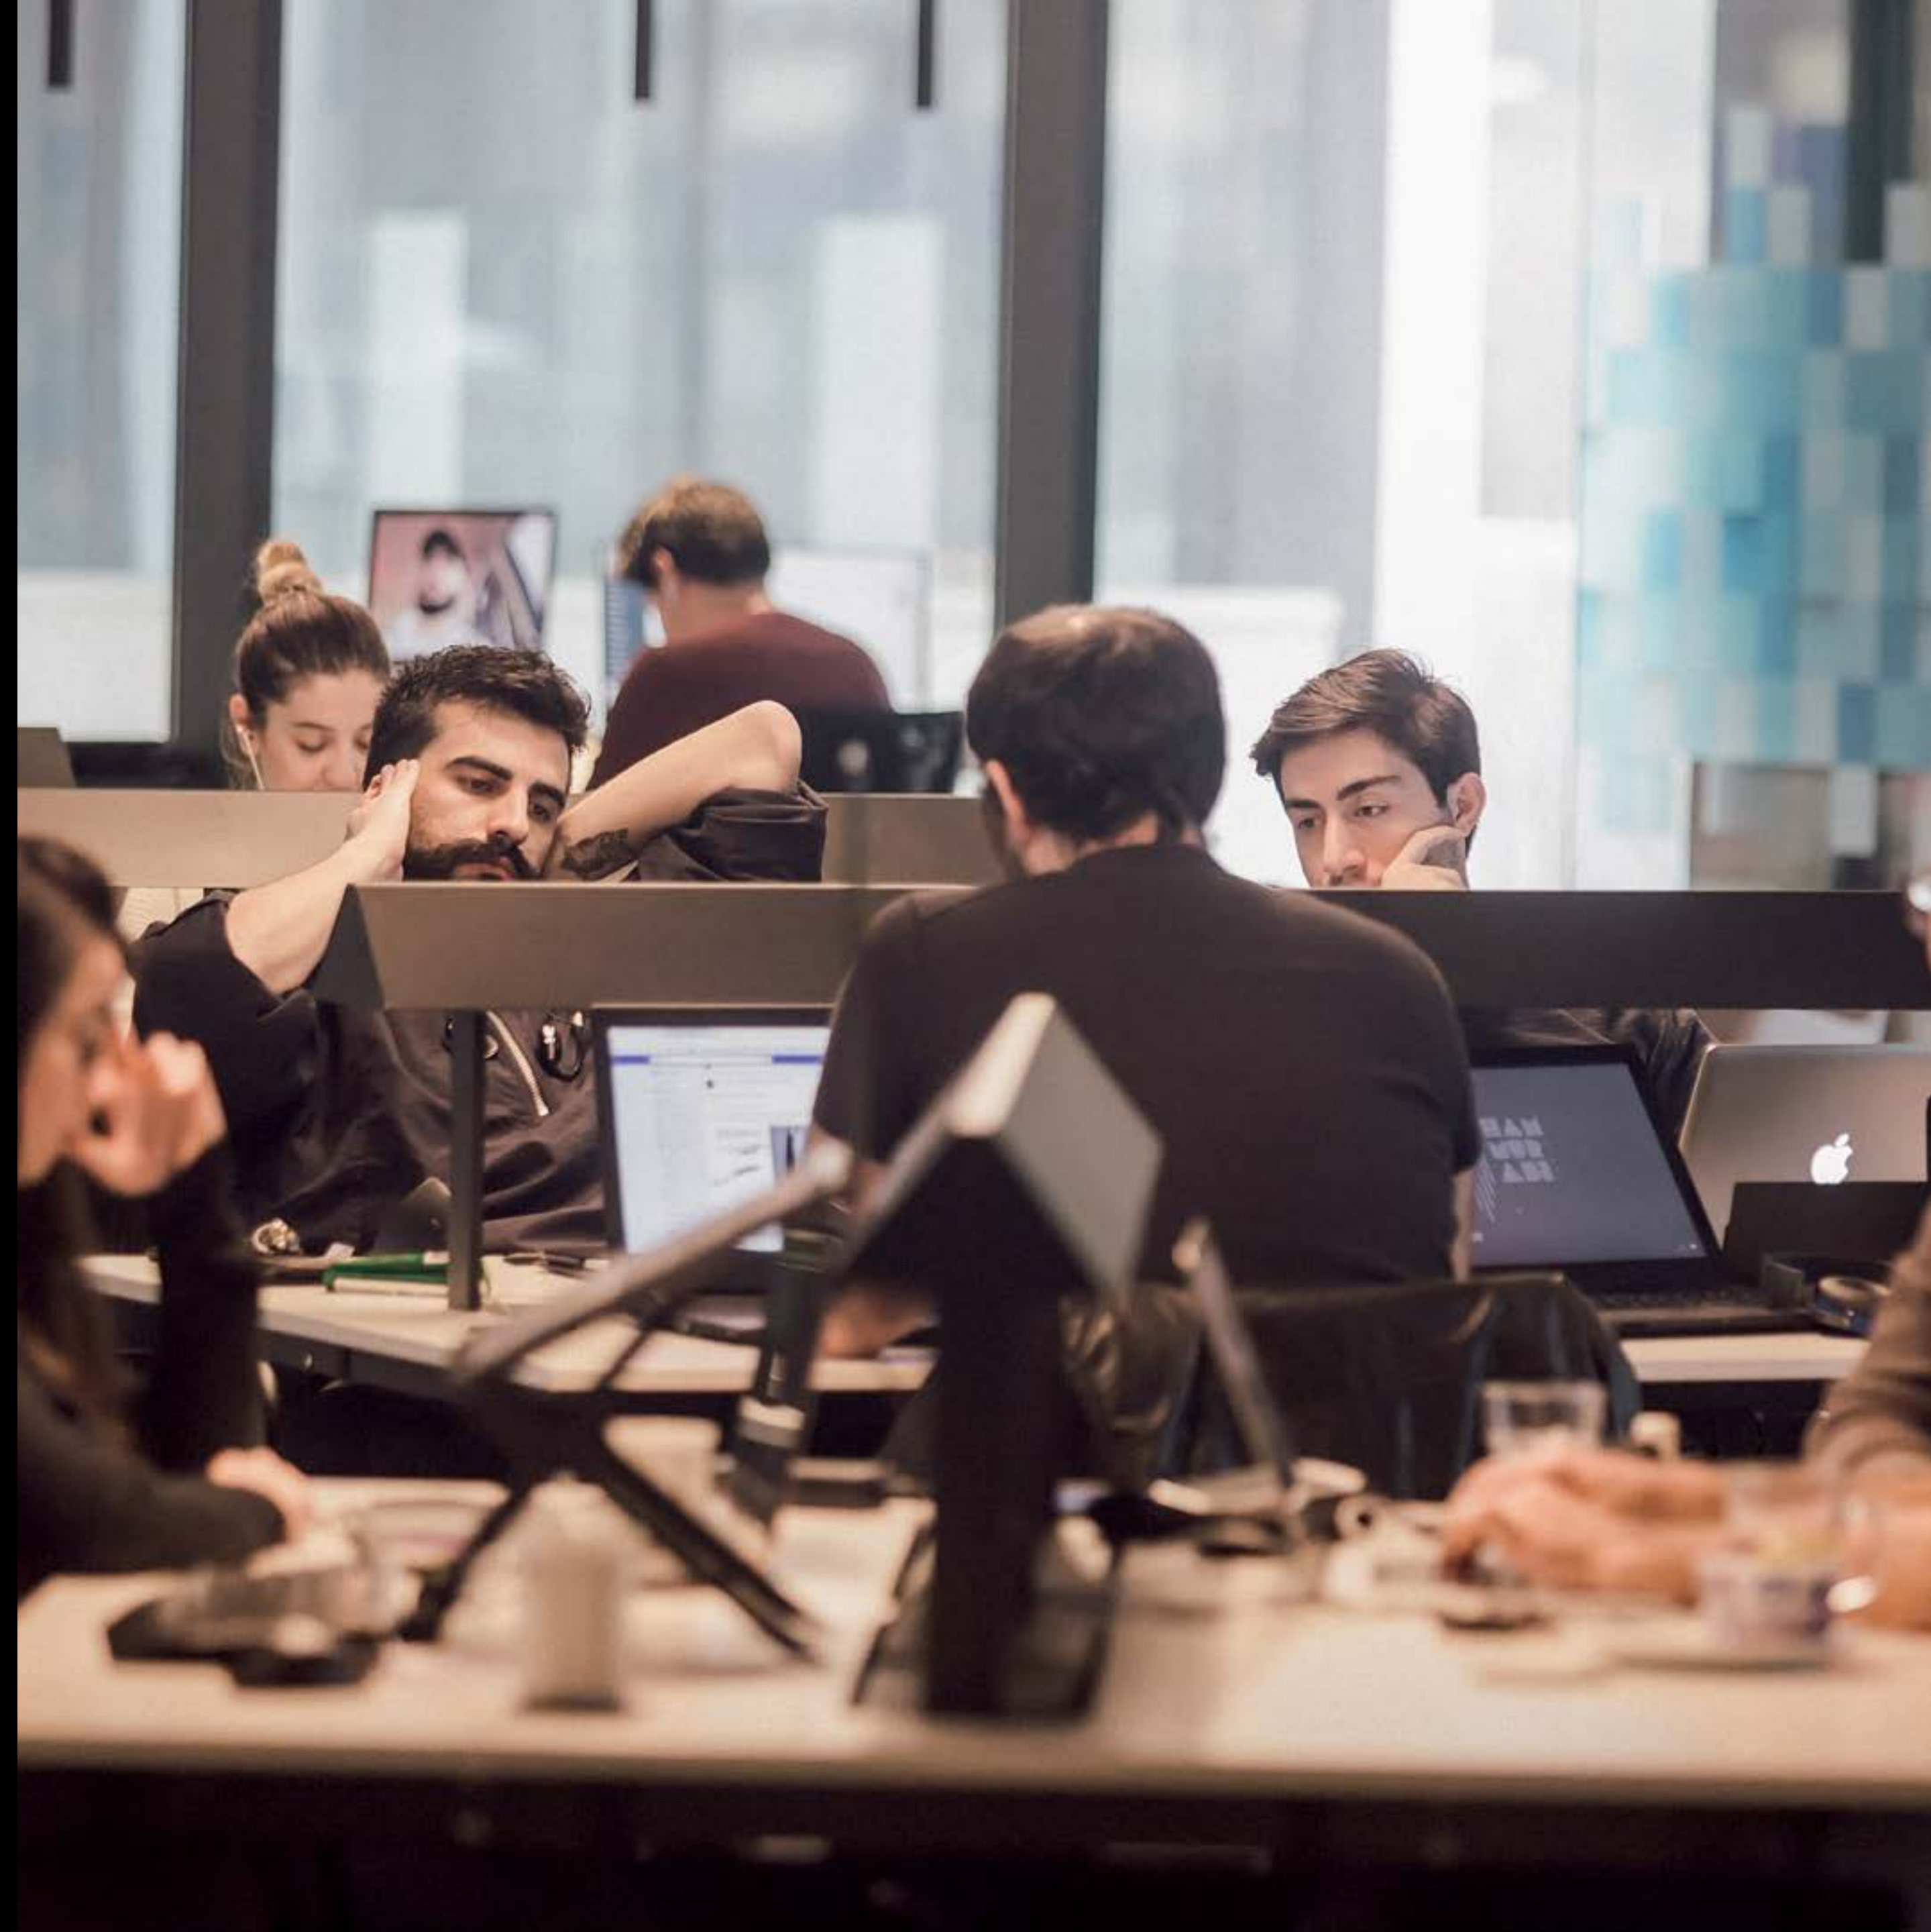

*It provides a convenient environment through spacious meeting rooms available for conferences, company and HR evaluation units for a sizeable number of enterprises.*

*Workinton which has been serving since 2012, is the first co-working space in Turkey. Today, there are a total of 17 branches located in different areas around the world where 11 are in Istanbul, 2 in Ankara, 1 in Izmir, 1 in Bursa and one in San Diego, California and Doha, Qatar. The total area of our branches has reached to 15,500 square meters.*

*For the ones that are looking for the best place to work on earth; are willing to get rid of the inefficiency and the monotony of regular offices; are trying to work in cafés and restaurants that are design for chilling, Workinton is what you've been looking for.*

*It serves thousands of customers with networking opportunities, opening the doors of ergonomics, efficiency, motivation and networking.*

*All you have to do is to enter through the doors of the center of the business world and discover that your dream office does actually exists.*

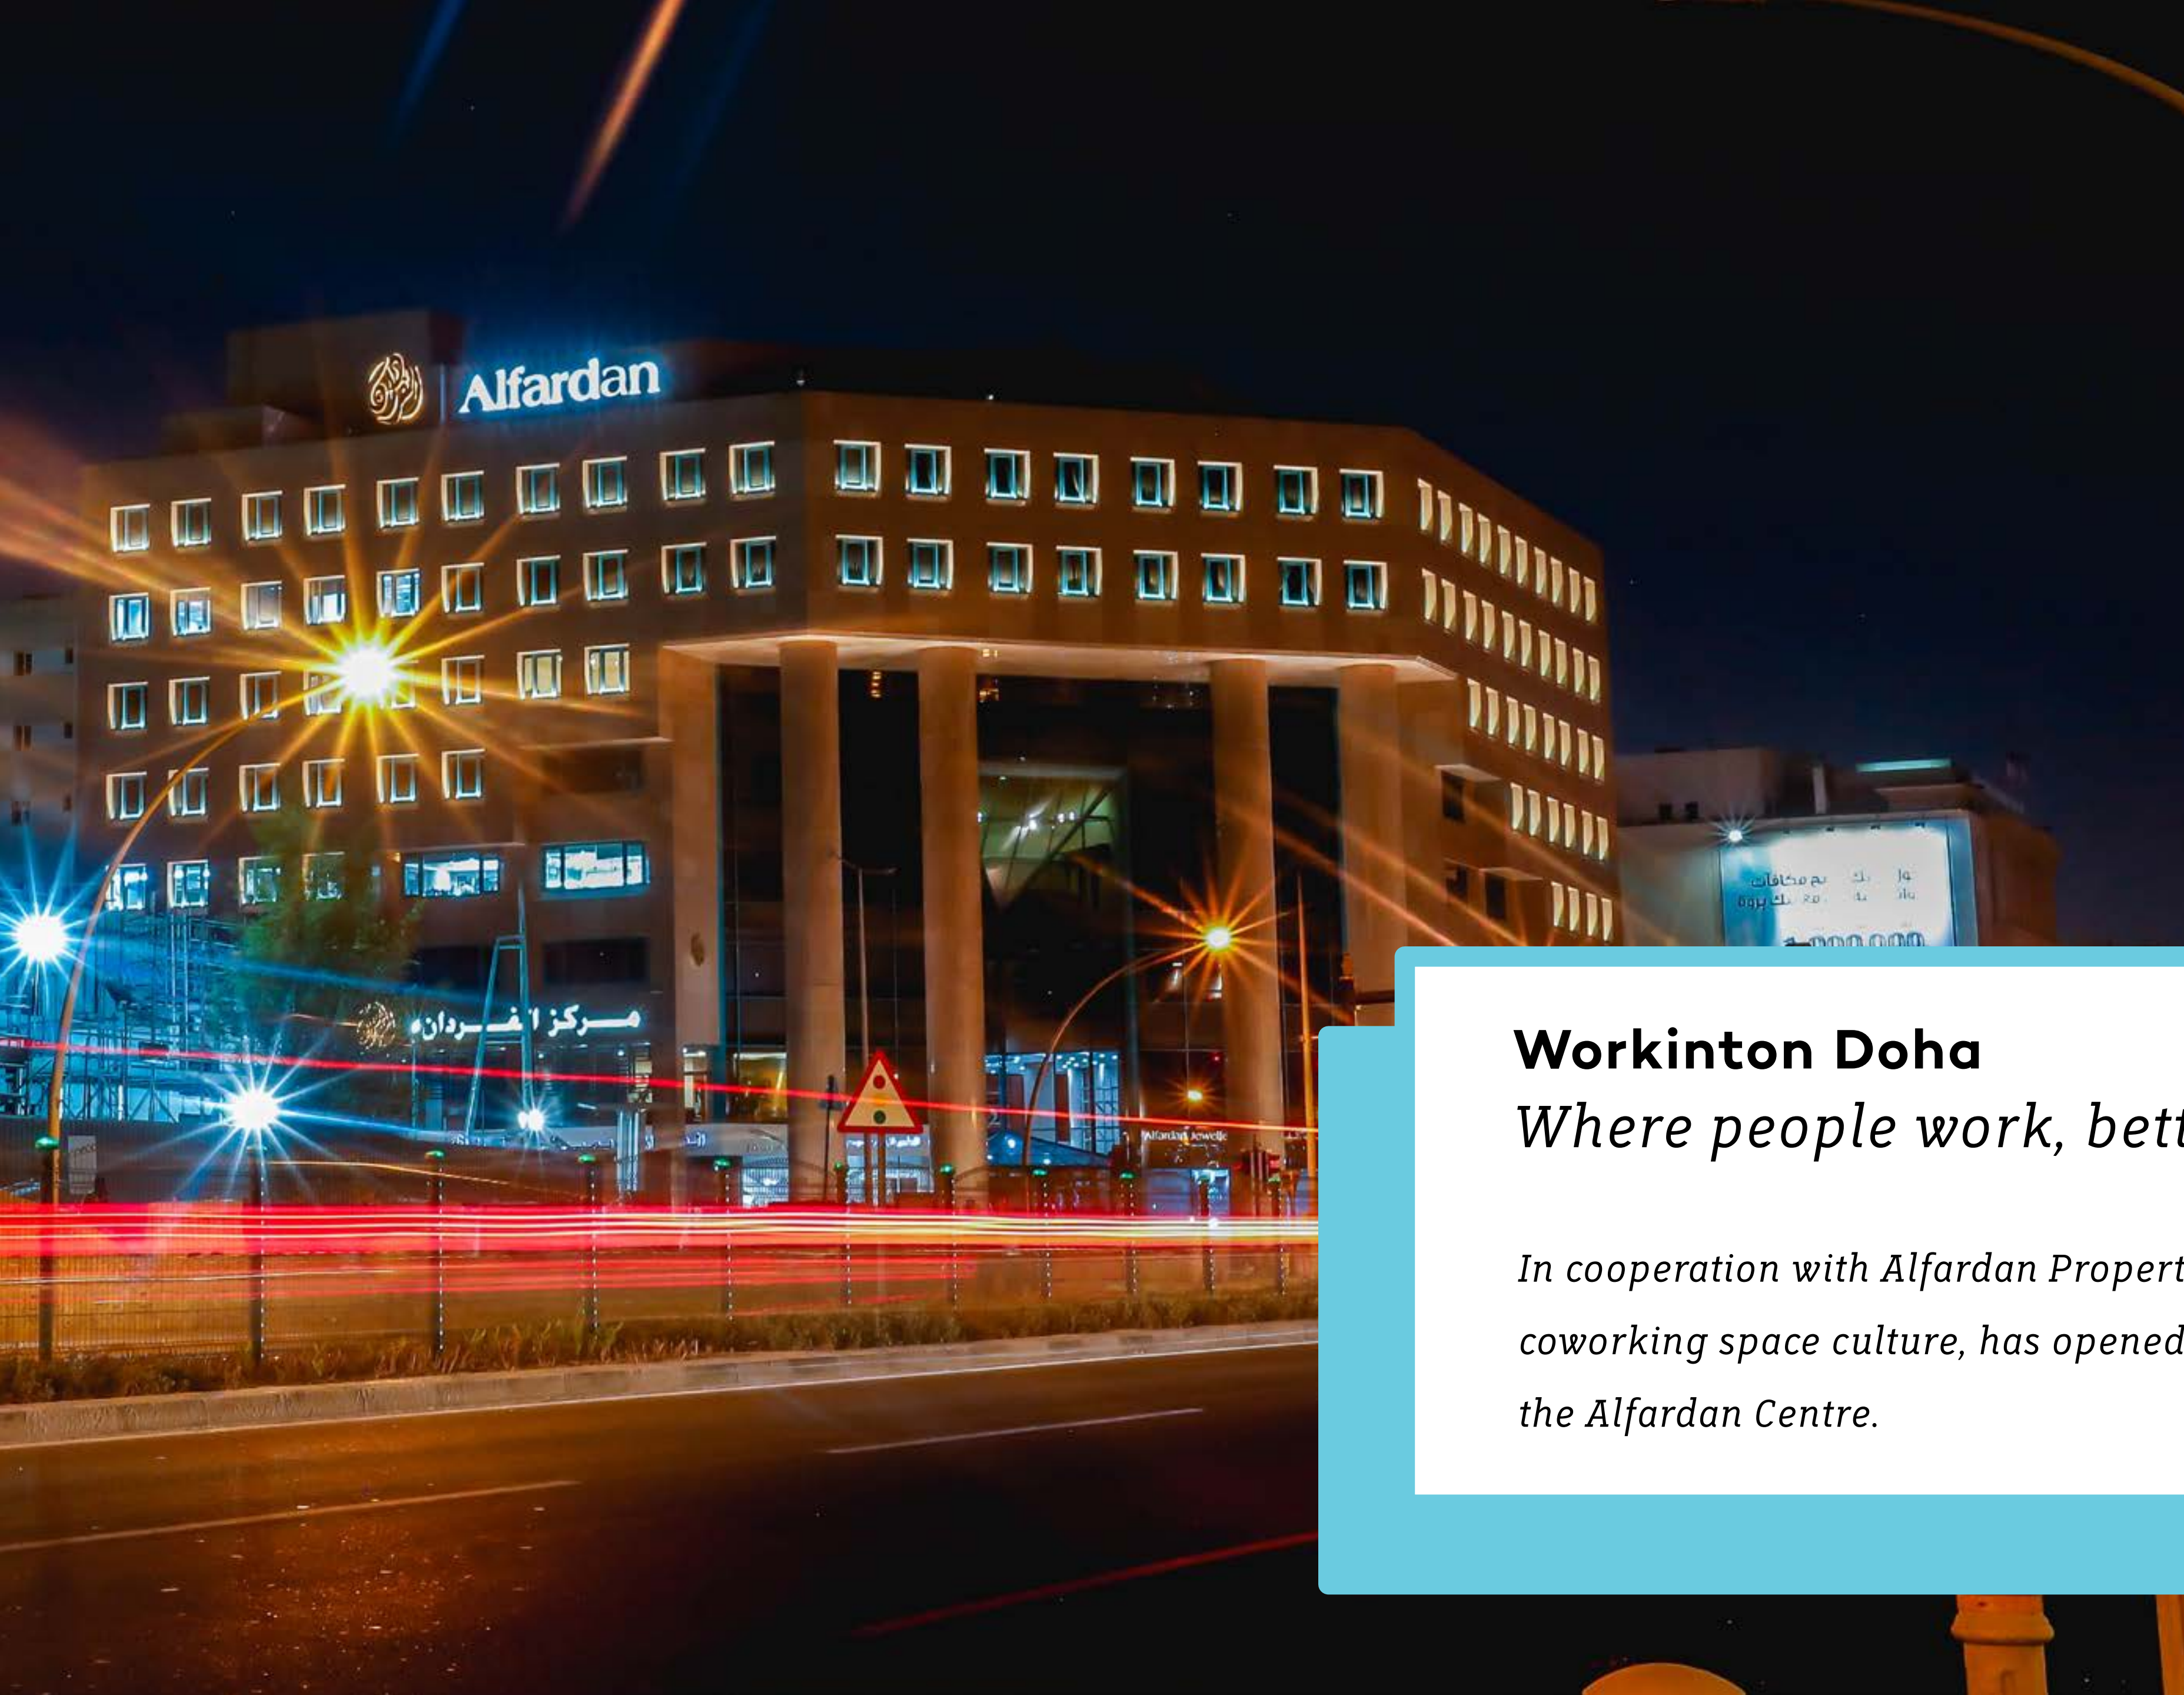

*Workinton is now open in Doha, Qatar*
